There was a heavy market to-day at the First Board for Stocks, but at the Second Board everything improved, and there was a large business done at buoyant prices, especially in Morris, Edgeworth and Portsmouth. The former improved 1 & cent from the First Board, but closed at 1 V cent below yesterday's prices. The latter was in demand at 12, an advance of | P cent. We understand that the measures for consolidating the old Stock into new, four shares for one, will be acted upon in a few days, some of the stockholders baving desired that this portion of the Act shall be carried into effect. A meeting of the Directors has been called for to-morrow (Thursday.) We also are informed that the circular we alluded to a few days ago is incorrect in its statements in regard to dividends. After the 10 W cent is paid on the preferred Stock, dividends are then paid on the old Stock to the extent of 10 ♦ cent, and the surplus, if any, is divided between the preferred and old Stock. To the other statements of that circular we have seen no denial. Edgeworth was firm at 10 20 10 1. It sold at Boston yesterday at 11. Erie fell off at the First Board, but improved to 911 at the Second Board, the closing price of yesterday. There was not much Stock offering. Canton closed at 861, showing 2 P cent advance on yesterday's rates. It is stated in the street to-day that the parties interested in this Stock have commenced a subscription, which has been liberally signed, to build one hundred houses on the lands of the Company This improvement would add largely to the value of the property, which was placed by the last report of the Company at two millions of dollars. Rochester and Syracuse was in demand, and after the Board sold at 118%, showing ? P cent improvement. Stonington was heavy, and declined to 511. Reading was steady, but not active .-Farmers' and Norwich were lower at the First Board, but firm at the Second Board, 69 being bid for Norwich. Long Island-was firm at 1 P cent advance, selling at 241, seller 60. Mohawk was in demand at 981, and Madison at 1011. The market has an upward tendency for both Stocks .-Bonds were active at private sale, and considerable parcels changed hands at full prices. Ohio and Pennsylvania were firmly held at 97, with 96 bid. For Mad River and Lake Erie 921 was bid, without sples. Southern Michigan 93 asked. For Government and State Stocks there was a fair

demand at about previous prices. Exchanges closed firmly at 101 2 101 for Sterling, and 5 10 @ 5.81 for Francs, with large sales

Francs. The supply over is moderate. In Freights there is little or nothing doing. 500 bbls Flour were engaged at 9d, some Cotton at d, and some Dead Weight at 12s 6d @15s. With. in a few days there have been engagements to London of 150 casks ashes at 15s: 700 bbls Resin at 18 6d; and 1,000 boxes Cheese at 30s. To Liverpool, 120 casks and 1,000 boxes Cheese, 15s. 20 tuns Oil, 12s; and Cotton |d @ 5 32d, with some Sea Island at 3-16d. The steamer Pacific has Measurement Goods at 60c; Apples, 5s; Cheese-45s; and 150 tes Beef on private terms. To Glasgow, 400 bbls Flour, 1s 3d; 600 bbls Resin, 1s 6d; and 100 tuns Oil and Tailow, 20s. To Havre, there is some Cotton going forward at fc. To Hamburg, 300 bales Cotton at 1c; and 200 tierces Rice, 30s. To New Orleans there is more offering; the packet rate is 60 \$ foot. To Mobile, goods are taken at 6c by the packets; \$200,000

Specie was shipped at 1 of 1 \$\psi\$ cent freight. The ship Elizabeth Ellen was chartered to proceed to Fort Vancouver at about \$22,000 for the run out; and the Stephen Lurman, for Benicia and San Diego, at \$17,500, both to load Government Stores.

In Money matters there is no change to note. The supply is very abundant, and the rates unchanged. The supply of first class paper is mode rate.

The amount received at the Sub-Treasury today was \$97,602. Paid, \$100,135. Balance, \$3,-

The Harlem Railroad Company has declared its third semi-annual dividend of 2 F cent, payable on the 4th February next. The Manhattan Gas Light Company have declared a dividend of \$2 50 P share on the full Stock, and \$1 75 P share on the Scrip, payable on demand.

At Boston the Money market is liberally supplied at previous rates of interest.

The receipts of the Vermont and Massachu setts Railroad for 1850 were \$177,094, against \$145,137 in 1849, showing a gain of \$32,567.

The Chicago and Galena Road is being pushed with energy toward completion. At a meeting of the Directors, in Chicago, last week, a resolution was passed to the effect that the route, by way of Rockford, Freefort and Scale's Mounds, to Galena, be accepted; that efforts be made to raise \$500,000 more of stock for the building of the Third Division of the Road, that the contracts be let and the work urged forward on that portion of it between Rockford and Belvidere as soon as a sufficient amount of stock is taken to

justify it. The December receipts of the Vicksburg Railroad were \$19,809, against \$11,924 same month last year. This increase, with the exhibit of Oc. tober and November, has imparted a better feel.

ing for the Stock. The Indiana Legislature have passed, by a con stitutional majority, in the face of the veto of the Governor, previously exercised, an act author izing the Terre Haute and Richmond Railroad Company to issue bonds at any rate of interest they may agree upon, and to sell the bonds at any price. Two thirds of the grading of the road is completed, and the iron and locomotives purchased. Further subscriptions to the stock of \$38,391 are required to prepare the road for iron

The citizens of Dabuque have subscribed \$60, 000 to the Dubuqe and Keokuk Railroad, and in the event of a satisfactory incorporation law, it is thought the amount can be doubled. The Seaboard and Roanoke Railroad has been

completed to Franklin, a distance of 37 miles, and there is said to be not the slightest impediment in the way of its extension so as to connect with the Wilmington Road. The annexed statement shows the condition of

the New-Orleans Banks, in some of the leading items, on the 28th ult. as reported by the Board of Currency. The specie item, as compared with the report of the 26th of October, shows an incresse of near \$200,000.

Banks. Specie. Deposits.

Louislana. \$352,903 00 \$1,009,947 26 \$2,424,813 35 Can. & Brk'g Co.1,478,325 00 1,103,082 19 2,334,077 37 \$5,059,229 00 \$5,716,001 76 \$10,752,939 46

Total.......\$5,090,086 45 \$5,750,833 62 \$10,752,939 46 The Railroad from Sandusky City to Newark was completed on Monday, the 6th inst. and is now in full operation. The Newark and Mansfield Road is crossed at Newark by the Zanesville and Columbus road. This road to Newark will be completed early next season, and from Newark to Columbus during the present year. The whole work is now progressing vigorously. At Newark commences the Sciota and Hocking Valley Road. Following the Sciota, it passes through Circleville and Chillicothe, at which place it unites with the Chil leothe and Cincinnati Road, a large portion of which is now in operation and the balance in progress of construction. From Chillicothe the road follows the Sciota to Portsmouth, on the Ohio Biver. Forty miles of this road from Portsmouth is now under contract, with the intention of putting the remainder to Newark under contract so soon as the location is fully completed. From Newark to Zanesville and down the Sciota to Portsmouth and the Hocking Valley to Parkersburgh is located and the Hocking Valley to Parkersburgh, is located one of the finest agricultural and manufacturing regions of the Western country, and also the ex-tensive bituminous coal fields and rich iron ore beds of Ohio. The Sandusky and Mansfield Company have taken for a term of years a lease of the Mansfield and Newark Road, upon favorable terms to both Companies.

The new Board of Directors of the Connecticut River Railroad bave been unable to make a com promise with the Directors of the Ashuelot Road in regard to accepting the latter under the lease which had been made in favor of the former, and have consequently voted not to alter the determination of their predecessors, who refused to operate the Ashuelot Road under the lease. The point of difficulty is in the Charter given by the recent Vermont Legislature to the Ashuelot Road; this imposes such restrictions as would make the operation of the road by the Connecticut make the operation of the road by the Connecticut River Company, or any other company, indeed, entirely impracticable. Probably the building of the Brattleboro and Bellows Falls Road has had also some influence upon the Directors.

A petition has been presented in the New-Jersey Legislature from Warren, for an extension of the Morris and Essex Railroad from Dover to the Delaware river, at or near the Water Gap, with permission to construct a branch from the most convenient point in Belvidere. The object of this extension is to open the extensive grain, mineral and lumber resources of Eastern Pennsylvania and provide a route of transportation to New-A bill was also presented for a supple ment to charter of the Paterson and Hackensack Railroad Co. authorizing them to construct a road through Bergen County, between the Passaic and Hackensack rivers, from some point on the proposed road between Paterson and Hoboken, to a roint on the New York line and expression to the New York line and expression. point on the New-York line, and perhaps inter-secting the Paterson and Ramapo Bailroad, in the New-Jersey Legislature, on the 20th inst.

The Thirteenth Annual Report of the Philadelphia, Wilmington and Baltimore Railroad Com. pany for eleven months, ending Nov. 30, 1850, has been published. Heretofore the fiscal year has terminated with the 31st of December, but in order to give more time to make up the various statements necessary to exhibit the operations of the road, to be submitted to the annual meeting of the stockholders, on the second Monday in January, the Board adopted a resolution in March last, terminating the fiscal year on the 30th of November. Annexed are the receipts of the road :

 The Board of Directors of the Buffalo and Con hocton Valley Railroad have resolved that the Commissioner shall advertise and let the work of grading, masonry, bridges, and superstructure

from the New-York and Erie Railroad to the town of Springwater, opposite Dansville, Livingston County-also, that he chall advertise and put under contract the central division of this road through Springwater to Batavia, as soon as the line can be got ready by the engineer and the right of way secured. A Committee was appointed to purchase iron rails and a locomotive, and it is designed to begin laying down the rails at the intersection of the New-York and Eric Road.

FLOUR AND MEAL—Our market for the low grades of Saats and Western Flour is less active, but prices are unchanged. The demand is restricted by the incisement of the weather. The Eastern and export inquiry is very moderate. Canadian is inactive at 4574, but is firm. The sales of domestic reach 2,600 bbls at 44,624,623 for No. 2, superfine; 47574,874 for common to steal State; 475,48,474,68,55 for Michigan and Indiana; and 5,66,25 124 for pure Genesse. Southern is firm, with a limited demand; sales of 400 bbls at \$5,65,124 for mixed to strait brands of Alexandria, Baltimore, Georgetown and Petersburg, and 5,256,525 for Fancy. Rye Flour is scarce; sales of 100 bbls at \$5,75, Corn Meal is very scarce, and is held at \$3,65 for Jersey.

Export from 1st to 21st Jan. 1851. 1850.
